Hi Guys,

Well done for today's session. I'm sharing my original cue list for you to have a look at if you're interested. With respect to the section I asked you to prepare for today's plot, we talking about cues 98 through to 123 from my cuelist, in case you wanted to see how I'd originally notated this and compare it to your own or to the original video. Feel free to use this system as a cue template for yourself, if you'd like.

Best of luck for all your future endeavours, and I hope to see your work on the New Zealand stage at some point in the future.

Kind regards,
Nik
